# PAPERS STOLEN.

For the past week we have had numerous complaints of subscribers to the Record, having had their papers stolen from their stores, offices and dwellings by some parties unknown. This is getting to be a serious nuisance to the subscribers, and the proprietors of the paper and the sooner the practice is stopped the better it will be for the parties stealing the papers and all other parties concerned. The small amount charged for the Record per week and the large circulation it has, would lead one to suppose that no one in Poché would be under the painful necessity of stealing it to read the news as if they cannot pay for it. They can find it in every restaurant, bar-room and business house in town.

## THE EUREKA SENTINEL OFFERS THE FOLLOWING CAUTION WHICH IT MAY BE WELL FOR POCHEANS TO REGARD.

Within the last few days several fires have nearly resulted from coal oil lamps. On Sunday one at the express office ignited and another at the Corner Saloon, and a few evenings ago a similar occurrence at the theater created quite a panic among the audience. Fortunately no harm resulted in either case, owing to the promptness with which the flames were extinguished, but perhaps other cases may not result so harmlessly. It is thought these accidents were caused by a defective quality of coal oil which has found its way into the market, and the greatest care should be exercised in the filling of lamps and adjusting the wicks, as proper care in these particulars will materially lessen the danger of explosion.

## DISSOLUTION OF PARTNERSHIP.

We publish to-day a notice of the dissolution of the firm of Newman & Mahstedt, who have been carrying on business at the Panaca saloon, Lacour street. H. Mahstedt will retire from the firm. J. B. Newman assumes all indebtedness of the late concern and will collect all bills due the same. Those having bills against the firm are requested to present them at once for liquidation. J. B. Newman will continue to run the Panaca saloon with centennial liquors and reliable cigars for one price one bit. The services of Dan Ryan have been secured by Mr. Newman.

## AN UNSETTLED MAN.

Jim Pierson, whilst driving a rockaway yesterday, attempted to make a short turn when the wagon capsize, spilling Jim and the rest of the inmates of the vehicle on top of him, the wagon turning on its side. The animals were quickly headed and the wagon rightsed again, when it was found that no injury had been sustained by men, rockaway or horses, with the exception of one of the party having his nose slightly peeled.

## DEFUNCT.

The monkey belonging to Russ Scott, called "Eph," passed in his checks yesterday morning, and was spread out on two chairs in the rear room of the saloon, where numbers went to view the remains. Whilst it lived and was well, it was a great pet for the boys, they delighting to play with it and see its funny capers. After life's fitful fever, "Ephraim" sleeps well.
